	52DI/UV		•		•	•			\$500,001 - \$750,000	20 x 15	10,000 iph

Printing News is featuring the latest digital presses available on the market in this third annual reference guide for 2009. Whether you're looking for a high-quality digital, DI or inkjet press with varnishing, spot color, sorting, binding or cutting options, the guide below lists many of the highest quality digital presses out now, and in some cases, coming soon.

This reference guide, as with all of our guides, is designed to make it easier for you to compare product features and specifications, helping you find the right equipment for your print shop's individual needs. For additional information on each product, visit the company Web sites or contact the manufacturers directly.

Stay tuned for our next reference guide, the 2009 Production Copiers Reference Guide, which is scheduled to appear in our July 13 issue.
